

SONOS

Beam Ultra Soundbar - Black

BMULTUS1BLK

SKU: 212881

Sonos Beam Ultra is a compact Dolby Atmos soundbar engineered to deliver immersive, room-filling home theater audio from a sleek, low-profile design. Featuring nine speaker drivers, including dedicated upward-firing drivers, Beam Ultra creates an expansive 7.1.2 surround sound experience with powerful bass, precise spatial audio, and enhanced dialogue clarity.

- Immersive 7.1.2 surround sound with Dolby Atmos
- 9 Driver acoustic architecture for detailed, room-filling audio
- Dedicated upward-firing drivers create realistic height effects
- Improved center channel delivers clearer dialogue
- AI-powered Speech Enhancement with four adjustable levels
- Bluetooth, Line In, HDMI eARC, and 6 GHz WiFi connectivity
- Trueplay tuning optimizes sound for the room and placement
- Pairs with compatible Sonos speakers and subwoofers for expanded surround sound
- Supports TV Audio Swap with compatible Sonos headphones
- Sleek, low-profile design for shelf, credenza, or wall-mounted installations
